

Please go to www.quoizel.com for product cleaning tips. Go to the **Care + Maintenance** selection.

Tools Required: Flathead screwdriver, Phillips screwdriver, pliers, wire cutters, wire strippers, electrical tape, safety glasses.

Light Source: (3) A19 Medium Base Type-A Bulbs (not supplied), Maximum 100W.

Estimated Assembly Time: 20-30 minutes

Preparation: Identify and inspect all parts before beginning installation. Check package content list and diagrams below to ensure all parts are present. If any parts are missing or damaged, do not attempt to assemble, install, or operate the fixture. Contact your original place of purchase.

⚠ Warnings and Cautions

Turn off electricity at circuit breaker or main fuse box before installation. Consult a licensed electrician if in doubt.

These instructions are provided for your safety. It is very important you read them completely before installing the fixture. We strongly recommend that a licensed, professional electrician perform the installation.

Disconnect fixture from power source before replacing bulbs. Make sure bulbs are given sufficient time to cool before removal.

Package Contents

STEP 1 - Install the Inner Backplate to the outlet box

A. Place the supply wires and ground wire through the Inner Backplate (A). Attach the Inner Backplate (A) to the outlet box with the head of the green ground screw facing you. Secure it with outlet box screws (G). Tighten until snug with screwdrivers.

STEP 3 - Install the Fixture Body

A. Place the backplate of the Fixture Body (C) onto the Inner Backplate (A) and secure with Mounting Screws (B). Tighten until snug with screwdrivers.

STEP 2 - Wire Connections

A. Wrap bare or green ground wire around green ground screw on the crossbar, no less than 2 inches from the end of the wire. Tighten the green ground screw.
B. Use standard wire connectors (F) to make all wire connections. Twist connectors until wires are tightly joined together. Wrap each connection with approved electrical tape and carefully stuff all the connected wires into the Outlet Box.

STEP 4 - Install Glass Shade and Bulb

A. Place the Glass Shade (D) over the socket and secure with the Socket Collar (E). Hand tighten until snug.
B. This fixture uses medium base Type-A bulbs (not supplied) with standard screw base. Maximum 100 watts. Insert bulb and screw snugly into place.

Your fixture is now assembled and ready to use. Enjoy!
